## The Frayman Group Automates New Business Inception for Proskauer Rose

*Compliguard Flow™ streamlines new business inception; delivers seamless integration with latest versions of LegalKEY Records Management and Conflicts Management*

**New York and Washington, DC – (August 24, 2009)** – The Frayman Group, a leading provider of risk management software and services for law firms, today announced that Proskauer Rose LLP has successfully deployed Compliguard Flow™, The Frayman Group's industry-leading new business inception workflow application. The firm has relied on risk management experts from Frayman Consulting to lead the implementation of the new business inception system as well as upgrades to LegalKEY Records Management and Conflicts Management modules.

Proskauer Rose LLP, founded in 1875, is an international law firm providing a wide variety of legal services to clients worldwide. The Firm has wide experience in all areas of practice important to businesses, including corporate finance, mergers and acquisitions, private equity, real estate transactions, bankruptcy and reorganizations, taxation, litigation, trusts and estates, intellectual property, and labor and employment law.

Proskauer Rose chose The Frayman Group's *Compliguard Flow* as its firm-wide new business inception system. "After a thorough review of offerings from a number of vendors, *Compliguard Flow* quickly emerged as the best choice for the firm,," said Michael Klebanow, Director of IT Program Management at Proskauer Rose. "The quality and maturity of the product, combined with The Frayman Group's in depth understanding of the new business process, LegalKEY expertise and history of successful integrations with Elite solidified our decision."

*Compliguard Flow* is a next generation workflow application designed from the ground up to automate new business inception and lateral hire intake processes throughout every stage of the new business review and approval process. Built as a set of law-firm specific templates, the product extends the capabilities of Microsoft Windows Workflow Foundation. The application's unique template based approach allows it to be easily tailored to the specific needs of law firms.

Risk management experts from the Frayman Group and Proskauer Rose worked closely to automate the firm's new business inception processes and policies with *Compliguard Flow*. In addition, Frayman Consulting performed a full-service upgrade of the firm's LegalKEY Conflicts Management and Records Management systems.

"Frayman Consulting's depth of knowledge about the inner workings of all LegalKEY software is unmatched in the industry," said Derick Arthur, Conflicts/Records Manager at Proskauer Rose. "The Frayman Group's professionalism and commitment to quality of work and meeting deadlines directly contributed to the project's overall success."

Proskauer Rose is also implementing The Frayman Group's Mobile Conflicts Reporting module which directly integrates with *Compliguard Flow* and LegalKEY Conflicts Management, enabling the firm's lawyers to receive a quick and comprehensive risk summary analysis on the results of the conflicts search on their Blackberry mobile device.

"Proskauer Rose is now in a position to leverage the power of automation in their new business inception process with *Compliguard Flow*," said Yuri Frayman, President & CEO of The Frayman Group. "*Compliguard Flow*, latest versions of LegalKEY Conflicts and RM, and the new Mobile Conflicts Reporting module are raising the firm's risk practice to a new level of sophistication, delivering both speed and efficiencies for the firm."
